

# Electric Aroma Diffuser

*Safe, Clean, Effective  
for use with Essential oils or Aroma Oils*

EAS-025  
10x6.7 cm

EAS-005  
10x6 cm

## Description:

Electric Aroma Diffuser is suitable for use in an office, a living room or a bedroom to create a relaxing or refreshing atmosphere.

## Usage:

- 1) Plug in and turn on the switch
- 2) Add clean water (about 1/3 of the top bowl's capacity)
- 3) Put in 6 - 8 drops of essential oil (proportion adjustable by user's preference)
- 4) Enjoy the aroma after 5 - 10 minutes

*For use with scented wax, just put the wax on top without adding water.*

## Note:

- The temperature on top of the electric diffuser will be continuously warming at around 70 °C.
- Clean the top part with a piece of cloth when it is warm.

Electricity: 110 Voltage or 220-240 Voltage

Plug: 2 flat pins, 2 round pins, 3 pins (UK)
